Thanks. Would you happen to have the proposed renewal permit that was sent to EPA on October 11, 2013? I'm sure we have it in Seattle, but I doubt anyone is still there to find it for me tonight.

Doug,

For Kuparuk Field wide PSD, here's the original, the 1983 amendment, the 1984 amendment, the October 1997 amendment and a subsequent 2003 amendment.

Regards,

Jim Baumgartner

Jim,

I have what I hope are some easy questions for you regarding the subject permit that is currently in our shop as a proposed permit.

I see that the subject proposed permit includes emission limits in Table 2 and cites EPA-issued PSD permit PSD-X82-01, as amended 10/7/1997. I have an EPA-issued amendment dated 8/29/1997 that addressed revisions to other EPA-issued PSD permits. Do you have the EPA-issued amendment dated 10/7/1997 cited in the proposed permit?
